OUR ESG COMMITMENTS

CLIMATE, ENERGY + WATER

- Reduce Scope 1 and Scope 2 GHG emissions by 30% by 2030 (compared to a 2018 base year)
- Reduce Scope 3 emissions by 13.5% by 2030 (compared to a 2019 base year)
- Reduce water intensity by 20% by 2030 (compared to a 2018 base year)

CIRCULARITY

- By 2025 source 100% sustainable cotton
- By 2027 source 30% recycled polyester or alternative fibers and yarns
- Use 75% recycled and sustainable packaging and trim materials by 2027
- Zero manufacturing waste sent to landfill by 2027.

HUMAN CAPITAL MANAGEMENT

- Achieve gender parity for the collective group of employees representing director-level and above positions by 2027.
- By 2028 obtain ISO 45001 certification for 100% of owned and operated facilities.

LONG-TERM VALUE CREATION

- By 2026 allocate 1% of pre-tax earnings toward community investment initiatives.

TRANSPARENCY AND DISCLOSURE

- Published our first standalone Climate Change Disclosure Report in 2022. We plan to further improve our climate-disclosures over the coming years, while further enhancing and strengthening ESG disclosure across focus areas.

50%

Gildan® accounts for 50% of U.S. grown cotton that is consumed domestically in the United States.

\$10.5M

invested in local communities (cumulative from 2018 to 2022)

32%

of energy we consume comes from renewable and low-carbon energy sources

Reporting Period is from January 1st to December 31st 2022, unless otherwise indicated. We report only on assets that we operate, unless otherwise indicated, and provide year-over-year trends where possible. All dollar figures reported are in U.S. dollars.

RECOGNITIONS + PARTNERSHIPS

Our 2022 recognitions are tributes to Gildan's standards, performance, and strength in making meaningful sustainability advancements.

Commitments to a Sustainable Future

Solo brands include SOL'S and NEOBLU

"Pioneering for a sustainable personalization industry"

At **Solo**, ethics have always been central to our activities. We maintain responsible and fair relationships, both with our colleagues and with our industrial partners and service providers. Our commitment to our customers is to create timeless products that are made to last, designed with care and manufactured in a way that respects the environment as well as the people who make them.

As a leading player in our sector, we take the responsibility to drive the transformation of our industry. Every year, we make progress, but there is still a long way to go!

act4u is our action plan, bringing together our commitments to a sustainable and ethical future. It maps out our path: where we start from, where we go and how we will get there. The 'U' stand for «Universe», «Union» or can also mean «you».

All these references mean that our group takes measures to protect and preserve the environment, promote equality, respect and safety for all stakeholders in our business and the community at large.

act4u is based on four pillars:

U are the PLANET

In 2024, **Solo** made a "well-below 2°C" commitment to the SBTi (Science Based Targets Initiative). Our goal is to reduce greenhouse gas emissions from all our activities in line with the Paris Agreement.

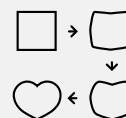

U are the PROMOTER

We rely on audits and certifications in order to bring transparency to our actions. At **Solo**, we believe that we are much stronger together. This is why we are involved in several international associations, which bring together the major players in the industry.

U are the PEOPLE

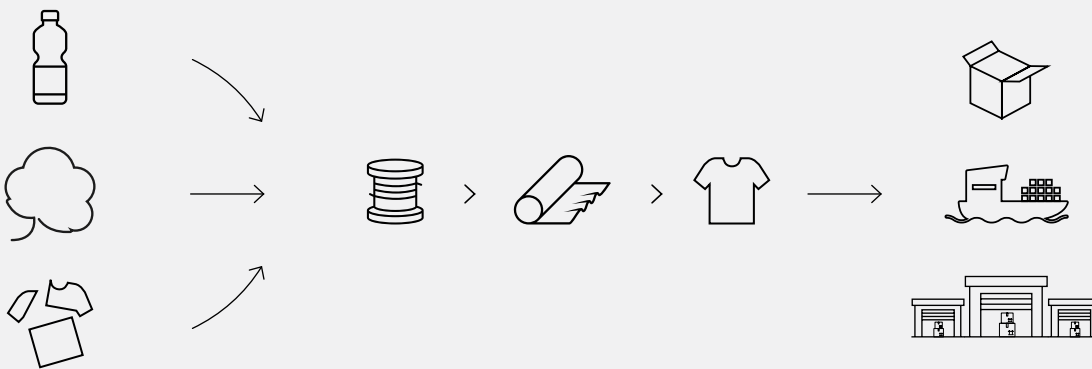

Solo promotes respectful and safe working conditions, both in our facilities and in those of our partners in Asia. We aim to improve the living conditions of cotton growers and promote well-being at work, training and inclusion..

U are the CHANGE

Solo puts its commitments into practice internally and with all its partners. As a leader, we must show that it is possible to change things in a meaningful and sincere way. Together, we can ensure a sustainable future!

Commitments throughout the value chain

RAW MATERIALS

MANUFACTURING

LOGISTICS

Organic cotton certifications

Organic cotton is grown according to strict specifications: no GMO seeds, ban on synthetic pesticides and herbicides, ban on chemical fertilizers, sustainable water management, etc.

These farming practices help maintaining healthy soils and promote biodiversity. At **Solo**, we rely on 2 labels to guarantee the traceability of our organic cotton products: OCS (Organic Content Standard) and GOTS (Global Organic Textile Standard).

The Fair Wear Foundation

is an international, independent, non-profit organisation founded in 1999. It aims to monitor and improve labour conditions throughout the clothing production chain. To achieve this goal, it works with all stakeholders in the garment sector. The Fair Wear Foundation's standards are based on the International Labour Organisation (ILO) and the Universal Declaration of Human Rights. Their aim is to provide workers in the garment industry with rights that guarantee them stable, dignified and properly paid employment with reasonable working hours as well as safe and healthy conditions.

Cascale

(formerly Sustainable Apparel Coalition - SAC) brings together 300 members from across the value chain (brands, factories, trade unions, NGOs, etc.) operating in the textile and consumer goods sectors. Founded in 2009 under the joint initiative of Walmart and Patagonia, it aims to catalyse collective action with 3 objectives: to combat global warming, to guarantee decent work for all and to ensure a nature-friendly future. To this end, Cascale developed the Higg Index, a suite of tools to measure the environmental and social impacts across the value chain, at the brand, manufacturer or finished product level.

The Science Based Targets Initiative (SBTi)

is an independent, non-profit organisation, which was founded on the initiative of the United Nations following COP21 in 2015. It establishes a "science-based" framework to decarbonise companies (method for calculating emissions, reduction path, etc.). In 2024, solo publicly committed to initiating a decarbonisation process.

**MADE WITH
RESPECT™**

SWEATSHIRT

SWEATSHIRT

GILDAN MADE WITH RESPECT™

We are the makers

We source the cotton, spin the yarn, knit, dye, and cut the fabric, and sew the clothes.

From start to finish, we make apparel with respect for resources, both human and natural.

This requires a keen eye on every part of the supply chain, which we can do because we own the vast majority of it. Every water source, every unit of energy, every ergonomic workstation,

we hold ourselves accountable for, paying as much attention to what goes into

the work as what comes out of it.

Areas of focus

RESPECT FOR THE
ENVIRONMENT

RESPECT FOR
CIRCULARITY

RESPECT FOR
PEOPLE

RESPECT FOR
COMMUNITIES

RESPECT FOR
TRANSPARENCY

K-LOOP RECYCLED COTTON BACKPACK

Size: U 285g/m² • Backpack with front pocket • This backpack is part of the "K-loop" project • With this project, Kimood is closing the circular economy loop in the strict sense of the word • The cotton used comes from waste generated in the production of cotton items for the Kariban brand, and the KARIBAN BRANDS range • The added polyester comes from recycled PET plastic bottles • During the recycling process, tracers are added to the yarn in the form of viscose and ceramic filaments to act as a unique digital fingerprint • The tracers reflect light in a unique way and therefore carry a clear and tamper-proof code • This allows us to unequivocally store in a blockchain all the information from the processes the yarn has been subjected to • Thanks to the Aware[®] tracer technology and associated blockchain platform, Kimood allows the end consumer to track the entire production process • This guarantees that the product has been recycled using its own waste, with no possible alterations in the process • A special label with a QR code provides access to the Aware[™] platform for direct authentication of certifications using a smartphone

U

KI5105

KIALMA BY K-LOOP BUSINESS/TRAVEL BACKPACK

Size: U 350g/m² • 100% recycled polyester • Organised main compartment for documents with padded laptop or tablet holder (up to 15") • Two front pockets with zip fastening for easy customisation • Symmetrical side pockets with zip fastening • Padded straps and back • Security pocket on the back for your most sensitive items • KIALMA is K-loop's top-of-the-range collection of bags and accessories • K-loop products contain markers in the yarn and, thanks to blockchain technology, they enable the entire production chain to be traced • A special label with a QR code provides access to the Aware[™] platform for direct authentication of certifications using a smartphone

U

KI0152

KIALMA BY K-LOOP TOILETRY BAG

Size: U 180g/m² • 100% recycled polyester • Vanity case with zipped front pocket • KIALMA is K-loop's top-of-the-range collection of bags and accessories • K-loop products contain markers in the yarn, and thanks to blockchain technology, this means that the entire production chain can be traced • A special label with a QR code provides access to the AWARE™ platform for direct authentication of certifications using a smartphone

U

Black

KI6301

K-LOOP ORGANIC COTTON TOILETRY POUCH

Size: U 290g/m² • 100% organic cotton • Toiletry bag with zip • K-loop organic is K-loop's organic cotton collection • During the spinning process, tracers are added to the raw material, viscose and ceramic tracer filaments that act like a unique fingerprint • The tracers reflect light in a unique way and therefore have a unique and unalterable code • All the information is stored in a blockchain • In this way, AWARE® tracking technology and its blockchain platform enable the end consumer to follow the entire production process • This guarantees that the product is genuinely made from organic cotton, without any possible alteration during the process • A special label with a QR code can be used to access the AWARE® platform and authenticate certifications directly

TECHNICAL RATINGS

ISOTEX 10000

ISOTEX 10000

Isotex 10000 waterproof, breathable and windproof performance. With active stretch yarns, a hydrostatic head of 10000mm and durable water beading technology, it provides comfort and advanced wet weather protection.

ISOTEX STRETCH 10000 HYDRAFORT 5000

ISOTEX STRETCH 10,000

Isotex Stretch fabrics are waterproof, breathable and windproof; the hydrophilic breathable system allows inner moisture vapour to escape. Designed to keep you dry and comfortable outdoors whilst the active fit stretch yarns give greater comfort and movement.

HYDRAFORT 5000

Hydrafort 5000 is waterproof and windproof; with a hydrostatic head of 5000 it provides reliable protection from the elements in the outdoors.

WATER REPELLENT

WATER REPELLENT

Our enhanced water repellent treatment keeps you drier for longer. Water rolls off the surface of the garment.

SOFTSHELL XPT

SOFTSHELL XPT

Softshell XPT waterproof, breathable and windproof technology prevents water from penetrating the surface of the fabric. The flexible, tightly woven 2 layer fabric shields from the wind, providing greater mobility and comfort. The water-repellent finish provides further protection from the rain.

SOFTSHELL

SOFTSHELL

Softshell wind resistant technology. The flexible, tightly woven 2 layer fabric shields from the wind, providing greater mobility and comfort. The water-repellent finish provides protection from the rain.

EXTOL STRETCH

EXTOL STRETCH

Extol Stretch fabric technology. The ergonomic, quick drying fabric prevents windchill, providing greater comfort and freedom of movement.

SYMMETRY

SYMMETRY

Comfort, quick drying, fleece technology with antipill finish making it durable and long lasting.

THERMO GUARD

THERMO-GUARD

Thermoguard synthetic insulation. High loft fibres provide warmth and comfort. The quick dry, water-repellent fibres keep you warm even when wet.

TRIPLE STITCHED

Reinforced triple stitched seams to sides seams and crotch.

DURAZONE

Hardwearing and reliable fabric created to withstand the everyday wear and tear of the workplace. With a durable and abrasion resistant finish and a water repellent treatment, Durazone will perform in the toughest conditions.

INTELLIGENT DIRECTIONAL REFLECTION

When safety counts our Intelligent Directional Reflection technology will ensure you're seen from all angles. Our angled chevrons allow people to know if you're facing towards or away from them at a glance, increasing safety in low light.
